A highly complex, multi-colored grid of symbols and characters, likely representing a musical score or a data visualization. The grid is organized into rows and columns, with a vertical axis on the left side labeled with numbers from 132 to 262. The symbols include various musical notations (notes, stems, beams), mathematical symbols (plus, minus, equals, less than, greater than), and other characters (asterisks, hash, dollar signs, etc.). The colors used are primarily green, yellow, orange, red, and black, with some blue and purple accents. The overall appearance is that of a dense, intricate pattern of information.
